Subject: Abnormal delay in settling the 78.2% Pension revision cases.

Dear Sir,

Kindly find enclosed herewith a status report issued by DOT finance wing on 78.2% pension revision cases as on 31st July 2017 i.e. after one year of the issue of the order. Kindly note that as per the report BSNL circles are yet to send 7675 Service Books to respective CCAs. Also 2196 cases have been referred back to BSNL for wrong calculation etc. That means as per DOT, pension revision cases for about 10,000 pensioners are pending for BSNL. It may also be noted that out of 26 CCAs only 5 CCAs are having some pending cases, remaining have no cases pending with them.

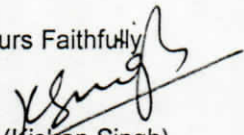

In fields we are experiencing different situation. In the circles where it is mentioned as no pending cases, are actually having many pending cases with them. But the main problem is regarding the figure mentioned as pending with BSNL. This has to be reconciled between the circles and CCAs to identify the cases. For example the figure for Kolkata Phones is shown as 1279 which is pending with BSNL. But the management of CTD is not accepting this figure. According to them maximum 100 cases are pending. Same is the position of other circles. Therefore it is absolutely necessary that reconciliation of these pending cases is done between BSNL and DOT to identify the cases. The most unfortunate point is neither BSNL circles nor CCAs are having any comprehensive list and details of pensioners in most of the circles. As a result they are unable to locate the pensioners whose pension is not revised.

All CCAs are supposed to have the list of pensioners/ Family pensioners coming under purview of the present 78.2 pension revision. We therefore request you to kindly issue necessary instructions to all CCAs, so that the pensioners whose pension is not revised are identified and intimated to respective CGMs of BSNL. Their details may be circulated in respective websites also for information of all
